EXAMINER'S COMMENT

Applicant filed an Information Disclosure Statement on October 14, 2010 which appears to have been crossed in mail with the Notice of Allowance mailed the same day. The IDS and the references cited therein are considered and a copy of the IDS is enclosed herewith.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

On page 1, below the title of the invention, insert the following as the first paragraph:

-- This application is a 371 of PCT/EP04/08682 filed August 3, 2004. --

In Claims:

In claim 1, page 4, line 13, following the recitation: "thereof in a manner known per se", delete the period.

In claim 4, line 2, following formula 3, insert a period.

In claim 5, line 2, following formula 4, insert a period.

Note: Applicant indicated that 'missing periods at the end of claims 1, 3, 4 and 5 have been supplied'. However, it was observed that claim 1 had a period at the end of step d before the reaction scheme. Further, it was noticed that periods were not present for claims 4 and 5. Accordingly, the above formal changes were made to the claims without affecting the scope of the claims.
